

SCRUM Meeting 19

March 28th

What did you complete since the last meeting?

Bryan Hilldrup : Finished my side of recyclers in unison with Paul. Merged four separate branches together and got them all working for presentation

Paul Guller : Finished my side of recyclers in unison with Bryan

Avery Rector : Finished authentication, login, etc started adding missing tests

Peter George : FINALLY solved the passing-data-to-variable issue, can now be implemented across the board

What will you accomplish before the next meeting?

Bryan Hilldrup : Testing, documentation, end-of-sprint-2 preparation, comments, team review, etc

Paul Guller : Testing, documentation, end-of-sprint-2 preparation, comments, team review, etc

Avery Rector : Testing, documentation, end-of-sprint-2 preparation, comments, team review, etc

Peter George : Testing, documentation, end-of-sprint-2 preparation, comments, team review, etc

Do you have anything that's getting in the way of doing your work?

Bryan Hilldrup : school/work

Paul Guller : school/work

Avery Rector : school/work

Peter George : school/work

What insights have you made?

Bryan Hilldrup : Merging four separate branches even when working on different parts is difficult

Paul Guller : Card views look super nice

Avery Rector : na

Peter George : Something called "Transactions" and methods therein helped solve the dataflow issues. Handlers helped solve the latency and fail issues

Do any changes to the project need to be made as a result of your work?

Bryan Hilldrup : No

Paul Guller : no

Avery Rector : no

Peter George : Yes, Handlers and Transactions need to be added and refined in several places and extrapolated to simplified versions if possible
