

SCRUM Meeting 14

March 22th

What did you complete since the last meeting?

Bryan Hilldrup : Switched to Firestore Database, researched more on how we will implement it instead of the SQL, initialized it into the database, wrote test data for it

Paul Guller : Advanced learning on the very difficult recycler views. Testing them on separate branch on two of the Tier 3 screens

Avery Rector : NA

Peter George : Primarily researched more on the Firestore database with Bryan. Working on getters/setters to/from database. Created new super class needed

What will you accomplish before the next meeting?

Bryan Hilldrup : Project restructured, test cases, separate firestore methods package

Paul Guller : Progress into the difficult recycler views and how to best implement them

Avery Rector : NA

Peter George : Nothing, no time

Do you have anything that's getting in the way of doing your work?

Bryan Hilldrup : school/work

Paul Guller : school/work

Avery Rector : school/work

Peter George : school/work

What insights have you made?

Bryan Hilldrup : na

Paul Guller : na

Avery Rector : NA

Peter George : na

Do any changes to the project need to be made as a result of your work?

Bryan Hilldrup : No

Paul Guller : no

Avery Rector : Maybe

Peter George : Yes. SDK was raised and new “Master” superclass is superextension of other classes
